RINGS AND DICE

BY THE TERMS of the "circus ordinance," passed by the council last night, "the proprietor or keeper of every Chinese or Japanese ball game, cane or knife rack, or similar game, where a ball, ring, shot, plate or missile of any kind, is dropped, shot, thrown or propelled at, into or against any mark, pocket, image or obstacle, for the playing of which a fee is charged, and where same is conducted as a business, shall pay a license fee of \$2.50 per day."

Considering the fact that dice shaking, punch boards and other cigar store games, where a man has at least a fifty-fifty chance (as well as the sport of the game) are under the ban here, isn't it funny that the city, for \$2.50 a day, will accord a mountebank with an itinerant circus or show a privilege denied a local concern—remembering, too, that giving anywhere near value received is the last thought from the visiting showman's mind?

THE REPUBLICAN PLATFORM

IN MANY of its planks the republican platform is superb.

Its exordium, speaking for unity, for devotion to the constitution and laws, for American rights and for justice in our foreign relations, is in strict accordance with the traditions of the party since its birth.

Its statement of our feelings as a nation toward Mexico, and its criticism of the policy that has been pursued toward that country by the present administration, is a fair statement of facts, and so is the attitude of our people toward the Monroe doctrine, and toward Latin-America.

The Philippine question, too, is handled just right.

On the questions of prohibition, the tariff and merchant marine—vital questions now—the platform is perfect.

The general prosperity of the country during the coming few years, while the awful foreign war continues to rage and when the exhaustion is on after its close, will depend more upon how those questions are settled than upon all other questions combined.

The transportation problem is, in our judgment, not so happily handled. We believe general laws could be passed which could place sufficient restrictions upon transportation, without the present system which has the effect of keeping great transportation companies held up to view as sinister agencies, intent upon spoliation and as real enemies of the men from whom they obtain their revenues.

The platform is modest in length, throws no soap to catch votes, it is dignified and has a candid ring most commendable from beginning to end.

Scattered Shots

THE MILITIA will soon pursue the malicious.

TWAS A GOOD little summer.

WHO'S RUNNING MEXICO these days, anyhow, Carranza or Trevino? If they don't behave, it may be Wilson.

SO FAR, those Texas militia are the only ones who have refused to serve their country. They were "tin soldiers," not national guardsmen.

FOUR MILE LAKE, according to advices, is just the place the majority of us could really catch fish.

NO HEADACHE OR NEURALGIA PAIN

Get a 10 cent package of Dr. James' Headache Powders and don't suffer.

When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer in a few moments you will feel the headache gone—no more neuralgia pain.

Drunkenness Said to Be Increasing in England

United Press Service

LONDON, June 20.—High prices and restrictions have done little if anything to curb drinking in England. Some authorities say there has been an increase.

There has been much controversy over this question. Advocates of rigid regulation or of total prohibition maintained the new rules have made the country more sober. Their opponents denied it.

The United Kingdom Alliance, a neutral organization devoted to the compilation of all sorts of social statistics which the country supposedly ought to know, has finally submitted definite figures.

Before the war the "pubs"—saloons—were open nineteen and a half hours daily, from 5 a. m. until 11:30 a. m. Today they are open five hours, and a half daily.

No intoxicants may be sold before noon; none between 1:30 and 4:30 p. m.

Treating also has been strictly prohibited. These regulations are enforced energetically.

The United Kingdom Alliance's records show that drinking was decreased, in 1915, by 3 per cent, compared with 1914, and by 10 per cent, compared with the last full peace year, 1913.

It is pointed out, however, that this reduction is offset, or more than offset, by the fact that from 750,000 to 1,000,000 men—the soldiers—are out of the country.

The increased percentage of reduction is attributed to the increased number of men sent abroad.

Expenditures for drink have increased, owing to higher prices.

In 1914, the total was something over 164,000,000 pounds (about \$230,000,000).

In 1915 it was 152,000,000 pounds (about \$210,000,000).

ORINDALE NOTES

The showers we have been getting the last few days are helping considerably.

Ed Young and bride of Lorella spent Saturday night and Sunday with C. G. Hunt and family, and they and James Stansbie and family made a picnic trip to Aspen Lake.

Monday being annual school meeting, the same officers were re-elected to serve another term.

Mr. Underhill has started for Fort Klamath with the 30-40 traction engine he purchased a few days ago. He expects to do some logging near the Fort.

H. S. Fox is cultivating his spots this week.

Mrs. Keneston is spending this week in Klamath Falls.

Lyle Hemilwright has gone to Ashland for a short trip.

Next Saturday, June 24th, is the monthly meeting of the executive board of the Southwest Klamath Farmers Development League.

A farewell party will be given Monday night for Miss Maud Stansbie, who leaves for Chicago soon.

Joe Foster has commenced felling timber on Aspen Mountain.

Married Sunday

At the home of the bride's aunt, Mrs. P. J. Gorges, Rev. E. C. Richards Sunday afternoon married William A. White and Hazel M. Moore. The contracting parties were formerly residents of the Rogue River valley, but now live in Klamath Falls, the groom being employed at a Shippington lumber plant.

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre, and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.

STAR DRUG COMPANY

Constipation is a very simple, natural trouble, but unless properly treated, it may develop into a most serious and complicated disease. We advise that Carl's Little Liver Litters be kept in every home. We cannot recommend these pills too highly. We caution our patrons against the free and indiscriminate use of laxatives and purgatives. 25c. Star Drug Co.

LEGAL NOTICES

Notice Inviting Bids

Pursuant to direction of the common council of the city of Klamath Falls, notice is hereby given that the undersigned, Police Judge of said city, will receive proposals at his office in said city up to and including Monday evening at 8 o'clock p. m., of June 26th, 1916, for making the proposed improvement of the "Shippington Roadway" on and over the following described route, to-wit:

Oregon avenue from Delta street to Nevada avenue; Nevada avenue to California avenue; California avenue to Front street; Front street to Frederick street, and Frederick street through block 3, of Shippington Addition to center line of Blamark street, a total distance of 9,387 feet; also First street from Oregon Avenue to city limits.

The proposed improvement includes the grading of said route and hard-surfacing of the same to a width of six feet with either bitulithic or oil macadam pavement. All of said proposed improvement to be made and the materials furnished and to be used thereon to be in accordance with the plans and specifications of the city engineer on file in the office of said Police Judge, reference thereto is hereby made for further details as to plans, method of construction, materials and quantities.

The making of said proposed improvement will be let in one contract to the lowest responsible bidder, bidding on type of construction selected by the Common Council. All proposals received will be opened for consideration by the Common Council at the hour of 8 o'clock p. m. of the 26th day of June, A. D. 1916, at the council chamber in said city. Bidders will be required to submit proposals on blanks prepared and furnished by the city engineer; and bids not submitted on such blanks will not be considered. Blanks may be obtained at the office of Mr. Don J. Zumwalt, city engineer. The successful bidder will be required to enter into contract and furnish a bond satisfactory to the Common Council in a sum not exceeding the contract price within ten days after the award. Each proposal must be accompanied by a check certified by some responsible bank for 5 per cent of the amount of bid as a guarantee of good faith, to be forfeited to the city in the event of failure of the successful bidder to enter into contract and give the required bond within ten days after the award.

The Common Council reserves the right to reject any and all bids, and to proceed to make such proposed improvement itself.

Dated at Klamath Falls, Oregon, June 12, 1916.

A. L. LEAVITT,
Police Judge of the City of Klamath Falls, Oregon. 14-111

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which, if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skin, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation, should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results. (Advertisement)
